**Description**

For Transport, Storage, and Viewing Membrane Samples

- Rectangular base fits most microscope stages.
- Inner cover ring for secure closure.
- Clear lid does not interfere with viewing sample.
- Frosted area on base permits identification of the sample with pencil or marker.
- Convenient box simplifies collection and storage of samples.

**Application**

- Protect the integrity of sample membrane during microscopic examination
- Store and protect membrane filters for reference

**Specifications**

**Material of Construction**

- Base and Lid: Polystyrene

**Filter Size**

- Accepts 47 mm filter
